ALEXANDRIA, VIRGINIA, MONDAY, AUGUST 2, 1920.

PRICE TWO CENTS

HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mr. and Mrs. Walter Piser and Mr. Leroy Piser will spend the month of August in Rosemont.

Miss Geraldine Davis has returned from a visit to her grandfather, Mr. Haywood Davis, Lorton, Va.

Mrs. Lucy Manders and Mrs. Deborah Lyons are spending two weeks at Colonial Beach.

Mrs. Harvey M. Stafford and daughter Mazie have gone to West Virginia for several weeks.

During the month of July Police Justice Thompson collected a total of \$996 in fines in the police court.

Mr. and Mrs. William A. Moore, of Rosemont, are spending several weeks at Atlantic City, and later will visit friends in Amherst, Va.

The regular meeting of the Dreadnaught Athletic Club will be held tonight at 8 o'clock. All members are urged to be present.

The Rev. Dr. E. V. Regester and Mrs. Regester leave this evening for Virginia Beach, where they will spend the month of August.

L. Morgan Johnston has sold to Mr. and Mrs. James A. Clark a house and lot No. 6 Block No. 1 in Baggett's subdivision.

The Washington Evening Star announces another increase in its advertising rates owing to the tremendous advance in the cost of white paper.

Mr. and Mrs. Donald Norfleet and son of Shreveport, La., and Lt. Commander of Naval Aviation J. P. Norfleet were the guests yesterday of Mr. and Mrs. J. R. Mansfield.

Ahmeta Elmo, five years old, daughter of F. L. Elmo was struck by an automobile Saturday afternoon while on St. Asaph street south of King street and had her foot badly crushed. She was treated at the Alexandria Hospital by Dr. S. B. Moore.

Dr. L. L. Lumsden, surgeon general of the United States Public Health Service has written a letter to Dr. Louis E. Foulks, city health officer, in which the writer expresses pleasure at the success he has made with the health work in this city. Dr. Lumsden among other things says "The record is one for you and all citizens to be proud of."

Rev. Dr. John Lee Allison, pastor of the Second Presbyterian Church, will leave tomorrow for his vacation. He will deliver an address at the Annual County gathering of the Odd Fellows and their friends at Wytheville, Va., on next Thursday, Grand Master Beverly and Senator E. Lee Trinkle will also speak. Dr. Allison on Sunday, August 15th will deliver the sermon at the laying of the corner stone of a new church near Bristol, Tenn. He will be absent during the rest of August, his pulpit being supplied by the session.

ALEXANDRIAN PROMOTED.

Mr. George E. Pettit of this city who has for some time past been Supt. of the Va. Carolina Chemical Co. at Shreveport, La., has been transferred to the Superintendency of a similar branch at Carteret, near Elizabeth, N. J., and he left here today to assume charge. Mr. Pettit succeeds Mr. D. Moxley Lowe, formerly of this city, who has been transferred to Charleston, S. C.

FORMER LOVER KILLS GIRL

Wichita, Kan., Aug. 2.—Miss Carrie Cunningham, a prominent Wichita society girl, was shot and killed by a former sweetheart, Theodore Oswelter, cashier of the Schulte State Bank, just as she was passing the pillars at the entrance of St. Mary's Cathedral to attend mass.

Oswelter then attempted suicide, but his pistol struck after he had fired the shot from his coat pocket, which killed Miss Cunningham. He was arrested.

HALT RUSSIAN ADVANCE

Muscovites Leave Five Hundred Dead And Eleven Machine Guns on Field

Warsaw, Aug. 2.—Bolshevik forces which have been concentrated on the banks of the Narew River with the apparent object of driving to Warsaw along the Bug River have delivered a series of strong attacks, according to a Polish communique issued here. The statement adds that the Poles have repulsed the bolsheviks with heavy losses in the sector near Topielec, the Russians abandoning 11 machine guns and leaving 500 dead.

A desperate struggle is going on west of Bialystok, on the Brest-Litovsk Railroad, for possession of the line running through Topceja and Dubina and along the Rivers Nurets and Zerzyce.

The fighting in the Brody region is reported by the statement as favorable to the Poles.

The Poles have succeeded in holding up the Russian advance at some points along the front, according to Saturday's communique from Polish headquarters. Soviet advance guards were driven back in the vicinity of Lemza, while father south the Poles are making progress in a counter attack and are holding their own near Brest-Litovsk, where the bolsheviks have been fiercely attacking, it is declared. Failure of the Russians to hold positions they had gained on the west bank of the Sereth also is reported.

CHARTER GRANTED.

The State Corporation Commission has granted the following: W. A. Barnett & Sons, Inc., Alexandria, Va. Maximum capital stock, \$25,000; minimum, \$10,000. W. A. Barnett, president; B. A. Barnett and W. H. Barnett.

Amendment to charter of Elite Laundry Company, of Washington, D. C., Inc., Alexandria, Va. G. A. Kinschelter, president. A. William Field, secretary. Increasing Maximum capital stock from \$50,000 to \$150,000.

Amendment to charter of Bank of Commerce and Savings, Inc., Alexandria, Va. Maurice D. Rosenberg, president; Joseph H. Miland, secretary.

Opposing Longworth.

Mr. John H. Allen, of Cincinnati, who married Miss May Embrey, of Fredericksburg, is the Democratic candidate for Congress in his district, and is opposing Hon. Nicholas Longworth, the Republican incumbent, who has represented the district for sixteen years. It is said that Mr. Allen, who is very popular has a fine chance for election.

Wet and Dry Issue.

Despite the fact that both candidates claim that the wet and dry issue is not the leading one, both Judge T. W. Harrison, who is seeking re-election to the House of Representatives, and Col. Robert F. Leedy, who is seeking the nomination of a "personal liberty" platform, devoted the major portion of their speeches in Winchester Sunday night to a discussion of the Eighteenth Amendment and the Volstead law.

War For Closed Shops.

Chicago, Aug. 2.—The Chicago Federation of Labor yesterday authorized its president, John Fitzpatrick, to appoint a committee of fifteen for the announced purpose of "actively going to battle with the United States Chamber of Commerce on the 'closed shop' proposition" and to devise means of preventing open shops.

HOT WEATHER NO BAR TO ACTIVITY

Chamber of Commerce Accomplishes much Work In July

AUTO BUREAU ADDED

Talk on Efforts to Obtain Factories—Motto is "Keep The Home Fires Burning"

Notwithstanding the fact that the Chamber of Commerce has held no bureau meetings this month, the Chamber has been very busy along several lines. A number of committee meetings have been held looking to the solution of problems of interest to the organization and the city generally.

On the evening of July 16th, through the invitation of your President, we held a meeting in the rooms of the Chamber of Commerce and took the initial step in considering the question of good roads, more especially the Little River Turnpike in which all are so much interested, reaching as it does from Alexandria to Winchester a distance of about seventy-one miles. We understand that this road was opened up as far back as 1787, and is fifty or sixty feet wide the entire distance, and over a good road will open up to us in three hours or more one of the most fertile and productive sections of the United States and will give to the people of the Valley a quick outlet for truck and tourist anywhere they may care to go, and also provide a deep sea outlet. We had as our guests on the above date representatives of the Fairfax County Board of Supervisors, a representative from Fauquier County, State Senator S. M. Lupton of Winchester and Dr. S. M. Johnson, General Director of the Lee Highway Association. Ways and means were discussed looking to a workable plan for building the Little River Turnpike as early as possible, and which, when completed, will be a part of the Lee Memorial Highway reaching from New York to San Francisco; the preliminary steps having been taken the committee adjourned to meet in Fairfax Court House the next day, July 7th, to discuss the question and perfect the plan there, committees were formed from each of the five counties through which this road passes, to act in conjunction. \$200,000.00 has already been allocated by the State for this road but in order to complete it, approximately \$587,000.00 more will be needed, and by unanimous vote the Supervisors resolved to take whatever steps as were necessary to pledge the credit of the county for this purpose, and also decided to make a ten mill levy to take care of one-half of the interest. The Chamber of Commerce agreed that if the credit of Fairfax County could be pledged, the banks of this city would absorb the securities necessary to advance the money to the State to construct this highway and pay one-half of the interest on the borrowed sums. The matter of bond issue will, of course, have to be put up to the voters of the county.

The Automobile Bureau is now a bureau of the Chamber of Commerce, and considering the large amount of business and pleasure depending on this mode of travel bids fair to become one of our most busy and active forces. Any member of the Chamber of Commerce who owns an automobile or who is in the automobile business, is eligible to become affiliated with this body without additional dues, membership dues in the Chamber of Commerce covers all. It is our desire to become identified with the American Automobile Association, data of every kind in connection with automobile can thereby be obtained for the benefit of our members, and the association co-operate with us in seeing that all roads are properly marked with proper signs.

A great many people in Alexandria, some members of the Chamber of Commerce, some of them not, are asking us what we are doing to get new enterprises, new factories located here, etc. There is nobody who appreciates new industries more than we do, they are very important in the prosperity of the city. The fact should not be lost sight of that the real scientific method of industrial development is to foster the small institutions, to assist them in adding to their output capacity, and to their payroll, and progress along safe and solid lines in the development, building the plants from the inside out rather than undertake to secure large institutions which might probably fail and which are leaving their former locations because of the fact that they could not be successfully operated. Says the manager of the Carbonade Chamber of Commerce, "More Smoke Stacks." Many a man has shouted himself hoarse crying for more smoke stacks in his home town. He apparently thinks that the Chamber of Commerce need only rub its Aladdin lamp and lo, a thousand factories spring up as mushrooms before dawn. Are you afflicted with factoritis? If so, stop and ponder for a moment where smoke stacks come from and consider what factory grabbing has cost American communities in the past. Many cities have found that factory stealing does not pay, and the so called "livewire" could best spend his time and money "To keep the home fires burning." There is nothing that destroys community spirit so quickly as the location of plants that are found to be impracticable, it is felt in every community and is soon spread abroad to the detriment of the city. Therefore we should foster community organizations developing co-operative spirit of all civic forces to accomplish lasting results, for such constructive works stands the Chamber of Commerce.

The bulletin of the Merchants' Association of New York says in part—"The efficiency of labor is increasing according to reports from forty-nine manufacturers operating in forty lines of industry in New York City. Although production per man per hour has not reached normal, it has been gradually improving since last September, especially during the last four or five months, and the outlook is optimistic."

An exchange says, "A lady asking a merchant for a donation, got the following response: 'Dear Madam—I am unable to send you the generous check you ask for the following reasons: I have been held up, held down, hung up, nagged, sagged, sandbagged, walked upon, sat upon, sat down repressed, depressed, compressed, squeezed and flattened out, first by the United States Government for Federal War Tax, Excess Profit Tax, Liberty Loan Bonds, Thrift Saving Stamp, Capital Stock Tax, Merchants' License and Auto Tax and by every society and organization that the craft of man can devise to extract without anesthesia what I may now or may hereafter ever hope to possess, and after cheerfully contributing to everything from milk for French babies to the league to foreclose peace, the government has so governed my business that I don't know who owns it, I am inspected, prospected, suspected, disrespected, prospected, examined, re-examined, cross-examined, informed, directed, required, demanded and commanded, so I don't know what I am, where I am or why I am here. All that I know is that I am supposed to have an inexhaustible supply of money, and because I will not sell all I have and go out and beg, borrow or steal money to give away. I have been cussed, discussed, mantrapped, pillaged and plundered and nearly ruined, and the only reason I am clinging to life is to see what tin-ell is coming next.'"

AUTO CRASH KILLS TWO

Kalamazoo Man and Wife Meet Death But Son Will Recover

Albion, N. Y., Aug. 2.—Harry Van Veleyker, a Kalamazoo, Mich., real estate man, was instantly killed and his wife received injuries from which she died when their automobile swerved from the road at Mason's Corners near here, Friday afternoon, and crashed into a big maple tree. Their son, Claude, 7 years old, was injured, but is expected to recover.

The Van Veleykers, who had been visiting in Springfield, Mass., had been called back to Kalamazoo by the serious illness of a relative and were hurrying toward Buffalo in an effort to catch the night boat for Detroit. The car was said to have been driven at a rate of about 45 miles an hour. Mrs. Van Veleyker lived about 10 minutes after the accident.

Killed By Policeman.

Justin Parker, 19 years old, who was caught in the act of burglarizing a Norfolk hotel room Saturday night and fatally wounded by policeman, died later. Parker, shortly after the shooting, vindicated the policeman, admitting that he was armed and that he aimed his revolver at the officers.

SEEK FUND OF \$3,000 FOR FIREMEN

Need Money to Carry Out Elaborate Form of Entertainment

GAY TIME PLANNED

Will Use Court of Honor—City to be Decorated and Thousands of Incandescent Lights to Illuminate Midway

A fund of \$3,000 is sought by the finance committee of the general committee for the entertainment of the delegates who are expected here August 25, 26 and 27 to attend the thirty fourth annual convention and tournament of the Virginia State Firemen's Association.

With this object in view the committee has sent out circular letters to the various business and professional men of the city and others asking for \$10 or more, and they hope within a short time to have the required fund in hand.

An elaborate program of entertainment has been prepared for the visitors and the committee promises something that will surpass anything ever before attempted in Alexandria.

No pains are to be spared in providing suitable entertainment for the visiting firemen. Probably there will be 800 firemen in attendance and two thousand visitors from every part of Virginia. King street will be elaborately decorated and illuminated for the festivities. The home coming court of honor also will be placed in position on Washington street.

The finance committee is composed of J. H. Triayner, chairman, Harry Hammond, J. M. Duncan, John G. Grahame, J. Sid Douglas, Julian Y. Williams, Robert F. Downham, W. A. Moore, Jr., S. L. Leachman, R. E. Knight, Charles B. Swan, Samuel W. Pitts, W. H. C. Wildt, Charles W. King and Laurence Stabler.

War History

Ten Collaborators Named to Complete Work Here.

The local committee of the Virginia War History Commission at a meeting Saturday afternoon in the rooms of the Chamber of Commerce presided over by Miss Helen N. Cummings, chairman, appointed ten collaborators for the purpose of securing additional data on the part played by Alexandrians in the world war, to be used in compiling Virginia's history of the conflict.

R. C. Stearnes, of Richmond, field secretary of the commission, addressed the gathering and told of the necessity for securing all of the data to complete the task.

In addition to Miss Cummings other members on the commission from this city are Mrs. Kate Waller Barrett, and Miss Rose M. MacDonald, secretary and treasurer respectively.

Already the local committee has on hand a considerable part of the required data of work done by Alexandrians in the conflict. The collaborators, however, will finish up the task and each will name their assistants.

Those named as collaborators are Capt. George H. Evans, Mrs. T. Marshall Jones, Mrs. Edward Fawcett, Miss Corinne Reardon, Miss Esther Green, Mrs. T. Clifton Howard, Mrs. Julian Y. Williams, Mrs. John M. Johnson, Mrs. Robert C. Powell and Mrs. Charles M. Shepper-son.

The members of the local committee will have a meeting within the next two weeks, when the collaborators and the general public will be requested to submit data.

Machinist Killed.

W. M. McKinney, a machinist's helper employed at the machine shops on the Island Yard of the Norfolk and Western Railway, Lynchburg, was almost instantly killed while at work Friday afternoon, when he was crushed by a water tank of a locomotive which fell upon him. With several assistants McKinney had jacked the tank up, and when it toppled over it caught him under it.

SPORTS

The Dreadnaughts got back to their usual place yesterday when they defeated the Clarendon team by a 5 to 2 count.

Clarendon started the fireworks in the first inning crossing the pan once. Norris got on first when Ludlow booted his grounder and moved up one when Hanzberger drew a base on balls and scored on Charles single. Singleton tightened up and fanned the next two batters.

The Dreadnaughts came back with a score in their half. Dreifus worked Bell for a pas and stole second. Purdy beat out a bunt, Bell struck out both Ludlow and Deavers but Summers sent Dreifus in with a single. Fraser was thrown out at first, again in the third Dreifus scored connecting with one of Bell's floaters for a single. Purdy sacrificed him to second and Ludlow sent him home on a two base hit. In the fifth the locals scored one more Fraser got on on an error. Strunkle forced him at second; Singleton pushed Strunkle along with a sacrifice and Savage sent him home with a single.

The sixth inning produced the final score for the home boys; Ludlow starting it off with his second two base hit of the day. Deavers got his first hit a single. Summers then cleaned up getting a pretty two base hit that scored both Ludlow and Deavers.

Clarendon got one man across the platter in their half of the seventh. Purdy threw wild to get Stewart at first. Miller advanced him to third on a single, from there he scored on Bell's sacrifice.

Singleton struckout thirteen batters. Strunkle's work in center field would have done credit to a major leaguer, his catch in the fourth inning breaking up a Clarendon rally that might have been damaging.

Walter Bell late of the Virginia State League, twirled for the losers and was touched up for nine hits, working four men, and striking out six, but the timely hitting of the big D boys proved his downfall.

The Torpedo Station of this city defeated the Cadillac Motor Company of Washington, Saturday in a interesting game of base-ball. The feature of the game was the pitching of Alexander and the fielding and batting of the other eight men. Next Saturday at 2:30 p. m. the Torpedo Station will play the Naval Hospital of Washington on the high school field. It is now being planned by the recreation league of the Station to give another moonlight trip down the river; date will be set in the near future.

A. T. S. 16 22 3; Cadillac Co. 2 4 5. Batteries: A. T. S. Alexander, Walker and Stickley. Tulloch; Can. Co. Young, Bell and Reins. Umpires: Alvin Waters and Mr. Trigger.

NEGRO ON GALLOWES EXHORTS

Former Army Sergeant Talks 20 Minutes On Whisky, Cigarettes And Carrying Arms.

Anniston, Ala., Aug. 2.—Before going to his death on the gallows here Friday for the murder of a street-car conductor two years ago Edgar C. Caldwell, a negro, former army sergeant, delivered a 20-minute talk to a crowd of 2,500 persons. He warned against the effects of whisky, cigarettes and carrying firearms.

Caldwell shot the conductor after an altercation over carfare. A long legal battle marked his efforts to escape the gallows. President Wilson once intervened and asked that the execution be stayed pending an investigation by the Attorney-General of the United States. The State Supreme Court affirmed the death verdict and then the case was taken to the Federal District Court, which ruled that it was without jurisdiction. The United States Supreme Court affirmed this decision. The President's request never was acted upon.

Paul Will Run.

Captain John Paul, member of the state senate from Rockingham county, after declining to accept the nomination for congress at the hands of the Republicans has yielded to the importunities of his friends and said he would make the race.

OUR MOTTO—If it is done at Remschel's, it must be done right. 1834f.

FREE FROM TYPHOID DURING JULY

Splendid Showing During Month Reported by Health Department

A RECORD FOR CITY

Health Officer Says There Are Still Unsanitary Danger Spots—Recommends Sewer to Rid City of Them.

During the month of July not a single case of typhoid fever was reported to the health department. The department reports that this is a record as far back as they can ascertain, no July having ever passed without some cases of typhoid being reported.

During the month of July 1919 a total of nineteen cases were reported. In previous years the month of July produced the most cases. In August last year there were four cases and eleven cases during the month of September 1919.

Dr. Foulks says he does not expect such a record to continue during August and September although he says he does not believe any serious number will develop.

The health officer says there are still many unsanitary danger spots in this city that cannot be eliminated until sewer extensions are made, but so many have been wiped out during the past year that good results are now being obtained.

It is further stated that with the exception of one case of diphtheria, the second case since the first of the year, this city was practically free from contagious disease during the month of July. There are, it is stated, a few cases of whooping cough in the city.

At a recent Washington record, in which 469 cases of whooping cough, 13 typhoid, 11 diphtheria, 24 scarlet fever, 8 smallpox, 61 measles and 193 chicken pox.

DENTIST KILLS SELF

Woman's Movie Actress in House Block From Place Elwell Met His Death

New York, Aug. 2.—Dr. Jose Arenas, 29, dentist recently arrived from Bogota, Colombia, was found Saturday night shot to death in his home in West Seventieth Street with a young woman, who the police say is Ruth Jackson, a movie actress, who was unconscious from a bullet wound. The house in which Joseph B. Elwell, turnman and whist expert, was shot and killed on June 11 is a block away on the same street.

Ignacio Marti, 22 who went to a hospital with a wound in the chest, told the police he was shot by Dr. Arenas at the dentist's home, and that Arenas then shot the girl and turned the revolver upon himself. The dentist, according to Marti, fired three shots into his own body.

Marti asserted the dentist was jealous of him because of his attentions to the girl.

Apartment House

Proposed Structure to Contain Fifty Apartments.

If the plans of local and Washington capitalists are carried out Alexandria soon will have a big modern apartment house containing fifty apartments.

It is understood that the plans are well under way. The proposed apartment will be located on the east side of Washington street between Queen and Princess and will be a three-story building. The building will be fireproof and modern in every detail and will have elevator service.

It is stated that all of the required capital has been obtained and the promoters of the project will within a short time start the work of construction.

Among those identified with the proposition are said to be some well known Washingtonians who have built a number of apartment houses in Washington which are now in successful operation.

CONDITION OF THE WORLD.

The earth is full of wars and rumors of wars. The Greeks and the Turks are in a life-and-death struggle. The Poles and the Russians are engaged in a mighty war which would stagger mankind if we had not supposed and dined and breakfasted on the awful World War. The Mohammedans are threatening a Holy War against Christianity, hoping some day to conquer by the sword, as they have been taught for centuries to do. Germany is stirring up strife and war wherever possible in order to weaken other nations while she plans for future world dominance. A mighty world war, more horrible than the last, is brewing and may break forth unless elements now at work can be held in check.

The Manufacturers' Record places most of the blame upon America. It says:

"Sad to say, America is largely responsible for all this mighty turmoil. America let Trotsky go to Russia even after we knew his mission, and Bolshevism is the red terror, warmed into life by our work and our failure to stop Trotsky when we knew his plans are he sailed from New York. Dr. Newell Dwight Hillis has repeatedly said that after Trotsky's infamous speech the night before he sailed for Russia, urging his followers to 'overthrow the dirty rotten American Government while he went to Russia and overturned that Government and stopped Russia's war against Germany,' the British Government help up Trotsky's ship at Halifax and urged our Government to recall his passport, but that the socialist influence in Washington was sufficiently strong to cause us to deny England's request, so we let Trotsky go on his mission of hellish work."

"We believe history will prove that no more frightful blunder was ever made than in the armistice by which the Allied and American armies were halted and the flags of the conquerors did not, in triumph wave over the great capitals of Germany, Austria and Turkey. Germany was thus given the chance it longed for to parley and dicker while sowing seeds of discord throughout the world and fanning into a consuming fire the red flames of Bolshevism, which now threaten a world conflagration."

"America may well shudder as it realizes how it might have saved the world from this hour had Trotsky been refused his passport. The flangers the world faces in this situation as shown in the picture now waging between Poland and Russia are strikingly told in this issue by a Baltimore business man just back from Poland."

PLEASANT NEWS.

The failure of all sorts of legislation to bring down prices of life's necessities had well nigh extinguished hope in the breasts of those upon whom rests the responsibility of keeping the family larder supplied. It has been generally assumed that the present generation would see no material reduction in prices. But the papers today show that rates are declining. In some cases with the force of an avalanche, and prime necessities are on a decidedly down grade. All this has come about with no thanks to the many so-called political economists of the day. It is pleasant to read that the day of miracles has not yet passed. Prices of food and clothing are actually coming down, and if a satisfactory solution can be found for the vexations fuel problems, the country will soon begin to find itself on solid ground once more, headed in a definite direction.

Wheat, cotton, dressed pork, clothing (men's), shoes and other necessities have hit the toboggan with more or less celerity and old H. C. L. is in the doldrums.

Cash wheat shows the most spectacular drop of all commodities. It went off 50 cents during the week in Chicago losing 16 to 28 cents Saturday alone. Flour, staging a "sympathetic strike" dropped 50 cents a

barrel, which is a reduction of \$1.50 a barrel within a week. Oats, rye and other small grains also showed signs of collapse, following the action of cash wheat.

Dressed pork is \$2.02 1-2 per hundred pounds cheaper than it was a week ago. Short ribs tumbled 82 1-2 cents in the same period. Potatoes that were selling at \$3.40 bushel two weeks ago, are now plentiful at \$1 and less. Sugar, for which one had to beg the privilege of buying a half pound at a time less than a month ago at 32 and 35 cents a pound, is now plentiful at 21 and a fraction, and some stores are actually giving it away as a premium.

Another sensational and significant drop is shown in cotton, which fell off 42 to 69 points in Saturday's trading. This foreshadows cheaper white goods.

TRUSTEE'S SALE OF VALUABLE REAL ESTATE, lying partly in Arlington District and partly in Jefferson District, Alexandria County, Virginia, containing a total of 195 acres, more or less.

Pursuant to the terms of that certain deed of trust dated October 1, 1912, and recorded in Deed Book No. 135 page 1 of the land records of Alexandria County, Virginia, the undersigned trustee therein, will at the request of the party secured, default having been made in the said deed of trust, on Thursday, the 2nd day of September, 1920, at the hour of 12 o'clock M. before the front door of the Court House Building in the said County, offer for sale at public auction, the several parcels of land there by conveyed, variously described as follows, to-wit:

A parcel containing about 108 acres, no roads and 33 poles, more or less, conveyed from C. Powell Noland, executor to Samuel H. Lunt by deed recorded in Liber N. No. 4, page 56 of the land records of said county.

A parcel of land containing about 45.235 acres, conveyed from the Morven Land and Improvement Company to the said Samuel H. Lunt by deed recorded in Liber Z. No. 4, page 546 of the said land records.

Two parcels of land containing respectively 12.41 acres and 28.088 acres, more or less, known as Lot No. 7 and Lot No. 8, on the plat of Morven Farm conveyed from Henrietta M. Tenney to the said Samuel H. Lunt by deed recorded in Liber No. 111, page 587 of the said land records.

A parcel of land containing about 3 roads and 27 1-2 poles more or less conveyed from Anthony W. Armstrong, Trustee, to the said Samuel H. Lunt by deed recorded in Liber No. 104, page 519 of the said land records.

A parcel of land near Nauck in said county conveyed to the said Samuel H. Lunt from Basil D. Boteler, Commissioner, by deed recorded in Liber No. 117, page 164 of the said land records. Reference to all of said deeds being now made for more particular description of the said land.

The above are contiguous to each other and form a solid body estimated to contain about 195 acres, more or less. There are two houses on said property and an exceptional opportunity is offered to invest for development purposes.

Terms of sale, one third of the purchase money in cash and the balance in two equal annual installments for which the purchaser shall execute his bond bearing interest from the day of sale, payable semi-annually and secured by deed of trust on the property sold to be executed at cost of the purchaser. A sufficient amount of fire insurance to be carried at the cost of the purchaser on the buildings on said property.

C. VERNON Ford,

Trustee.

183-189-195-201-207 and 213 6c.

William W. Cox, the presidential candidate of the Socialist Labor party, in his campaign tour of the country will be in Richmond tomorrow and will address a meeting at Eagles Hall.

THE EYES OF THE EXPERT

are upon our shoe repair work and you will get precisely the same process here as in the finest shoe factory in the land. The only difference is that we work with old uppers and the factory works with new, but our soles, heels, thread, insoles, trimmings, findings, etc., are new and our work equals the factory's best. And you save many dollars during the year.

THOMAS L. CARTER, Auctioneer.

Auction sale of a very desirable residence and lot of ground on South Pitt street, in the City of Alexandria, Virginia.

Pursuant to the terms of a deed of trust bearing date on August 1, 1919, given by R. S. Roberts, unmarried, to the undersigned Trustee, and duly recorded among the land records of the City of Alexandria, Virginia, in Deed Book No. 68, page 499, default having been made in the payment of the sum thereby secured, at the request and by the direction of the holders of the notes thereby secured, the undersigned Trustee will offer for sale at public auction at the Royal Street entrance to the Market Building, at 12 o'clock Noon on Thursday, August 5, 1920, that lot or parcel of ground in the City of Alexandria, Virginia, with the buildings and improvements thereon, known as No. 308 South Pitt Street (the former residence of the late Park Agnew) bounded and described in accordance with a survey made by E. C. Dunn, City Engineer, as follows, to-wit:—

BEGINNING on the east side of Pitt Street 118.94 feet south of Duke Street and at the south side of an alley; thence eastward along a fence and the north wall of a brick stable and 2.75 feet east of the northeast corner of said stable and 157.42 feet from Pitt Street and 118.03 feet south of Duke street, thence southward parallel to Pitt street 77.60 feet; thence west parallel to Duke Street 1.5 feet; thence southward along a fence and the west side of a brick building 43.58 feet; thence west 156.3 feet to Pitt Street; thence northward along Pitt Street 120.58 feet to the beginning, with the right of way over said alley and all appurtenances to the said property belonging or in any wise appertaining.

This sale is to be made subject to the lien of a first deed of trust given to secure the payment of the sum of fifty-five hundred dollars and interest thereon, which said trust has about two years still to run.

TERMS OF SALE: CASH; conveyancing, including revenue stamps, at the cost of the purchasers.

GEORGE E. WARFIELD,

Trustee.

174-13c

HOWARD FIELDS, Auctioneer.
Auction Sale of a Desirable Dwelling House in Del Ray.

Pursuant to the terms of a deed of trust bearing date on August 1, 1912, duly recorded among the land records of the County of Alexandria, Virginia, (now Arlington County, Virginia), in Deed Book No. 134, page 456, given by Carrie A. Derrig and husband to the undersigned Trustee, to secure an indebtedness of twenty-five hundred dollars, with interest thereon, as in said deed of trust set forth, default having been made in the payment of the sum secured thereby, and at the request and by the direction of the holder of said secured note, the undersigned will offer for sale, at public auction, on the premises, on Thursday, August 19th, 1920, at 4 o'clock P. M., all those lots or parcels of ground, with the buildings and improvements thereon, located in the County of Arlington, (formerly the County of Alexandria), Virginia, known and distinguished as lots numbered ninety-nine and one hundred in a certain plan of lots called "Del Ray", surveyed by D. J. Howell, Surveyor, as shown on the plat thereof, which is duly recorded among the land records of the County of Arlington, (formerly Alexandria County), Virginia, in Liber O No. 4, Folio et seq.

Terms of Sale: Cash; conveyancing, including revenue stamps, at the cost of the purchaser.

BENJ. F. EDWARDS,

Trustee.

Three Great Bargains

11 rooms and bath on Pitt street, lot about 80x125; elevated position, plenty shade, wood work in perfect condition, needs papering and electric lights, at small expense can be made one of the most attractive homes in the city, or can, inexpensively, be converted into apartments, paying a very handsome return on the investment. The price is ridiculously low. Investigate this.

Six rooms and bath, brick, with corner store, a combination home and business proposition that can't be surpassed; in perfect condition, newly papered, electric lights etc. People who know, say this property would be cheap at \$1,000 more than we are asking.

Nothing pays better than a good large rooming house, we have a handsome brick structure, containing about 30 rooms, large yard and plenty shade; has been paying about \$150 per week net; could be converted into apartments at little expense; fully furnished and can be purchased at the very low price of \$16,000. The prices on the above properties are low under any and all conditions.

Fairness to Employe and Employer is a Fundamental Principle of Americanism Which Must Not Be Overthrown

Harmony Between Men Is Made Possible Through Cooperation

Spirit of Unrest

can nearly, if not always, be traced down to lack of co-operation between employe and employer. Both should have the other's interest in mind. The man who employes should be considering at all times the bettering of the working conditions of those in his employ and those who are working for him should at all time endeavor to give a full day's labor, producing as much in volume and of as high a character as possible.

One is dependent upon the other and are equally as essential to each other, thus there is no reason why they should not be in harmony and endeavor to co-operate with one another.

The profit of the owner and the salary of the employed can only be increased as conditions between both parties are settled in such a way that both are satisfied that they are being squarely treated. Co-operation will do more to bring about this condition than anything else.

The Ten Demandments

1. Don't lie. It wastes my time and yours. I am sure to catch you in the end, and that end is the wrong end.
2. Watch your work, not the clock. A long day's work makes a long day short; and a short day's work makes my face long.
3. Give me more than I expect, and I will give you more than you expect. I can afford to increase your pay if you increase my profits.
4. You owe so much to yourself you cannot afford to owe anybody else. Keep out of debt, or keep out of my shops.
5. Dishonesty is never an accident. Good men, like good women, never see temptation when they meet it.
6. Mind your own business and in time you'll have a business of your own to mind.
7. Don't do anything here which hurts your self-respect. An employee who is willing to steal for me is willing to steal from me.
8. It is none of my business what you do at night. But if dissipation affects what you do the next day, and you do half as much as I demand, you'll last half as long as you hoped.
9. Don't tell me what I like to hear, but what I ought to hear. I don't want a valet for my vanity, but one for my dollars.
10. Don't kick if I kick. If you're worth while correcting you're worth while keeping. I don't waste time cutting specks out of rotten apples.

Let's Be Real Producers

Regardless of our duties, let us all endeavor this year to produce more than ever before.

The right way to get the most out of life is to do our very best under all conditions. The shirker never advances while the worker is bound to secure a reward for his labors that is commensurate with that which he produces.

Don't be afraid that your efforts will avail you nothing. If you are afraid that you will do a little more than you will get paid for, you are on the road to defeat and will not progress towards the goal of success which should be ever before you.

Be a producer. Co-operate with those about you in making this a year of great production. A little more earnestness, a little more care and a little more interest will enable you to speed up and increase the results of your labors to such an extent that you will find success nearer to you at the end of the year than it has ever been before.

Cooperation Is The Shortest Route to Industrial Success

This statement is true as applied to the man who works in a factory, a shop, in the office, or is an owner of an industry and an employer of men.

There is due a vast change in working conditions and the relations of employe and employer are to be considered in a different light than a few years ago.

The old-time policy of each for himself will not stand the test of today's

light and those who try to go it alone will find it a hard road to travel. The man who owns and the man who works must each realize that his success comes through the co-operation of one with the other.

The policy of paying little and trying to do less has no place under modern working conditions. The employer today wants to pay his help as large a salary as possible, he likes to have work

ing conditions ideal, and those who are employed desire to always do a good day's work. Both realize that more can be accomplished today in harmony and co-operation than is possible when they have no regards for each other's welfare. It's their work that counts and that makes business go so successfully that good wages can be paid and steady work provided. No other plan has ever been devised that can keep the wheels

of industry moving so steadily and so smoothly as where there is co-operation by all concerned.

This principle of co-operation can exist and will be productive of good results in every place that it is tried and its value will increase from time to time as this spirit deepens between employe and employer.

No thinking man can deny the benefits to be derived from Co-operation

"There's a Reason"

Make Washday a Holiday

Women Can Forget "Blue Monday"

Did you ever believe that an average week's washing could be done in ten minutes without rubbing and scrubbing? Just think what that means. By ten o'clock Monday morning all the wash is out on the line, fluffy, white and clean! And you have the whole day to enjoy yourself, instead of backaches, tired fingers and ragged-out bodies.

That's what the easy Clean Easy method of washing does. And more—it not only does all the work, cleans perfectly, but it sterilizes and disinfects as well.

How? The simplest and easiest way you ever saw. Soak your wash over night. Cut up 1/2 bar of Clean Easy into 1/4 gallons of water. Boil, let it dissolve, and put in the clothes. Stir with a stick for ten minutes. Rinse blue and dry. The whole job is finished and you haven't even rubbed, scrubbed or done anything distasteful. Isn't that a wonderfully easy way to wash? And it's far better than the old-fashioned way, anyhow. Clean Easy neither cuts up nor frays the fiber of delicate work, nor frets the fingers of the women. Its action is upon dirt, grime and germs. It loosens them up, dissolves them, absorbs them in water and leaves your clothes sweet, clean and wholesome.

Garments last much longer because you don't wear them out on a scrubbing board. You get 100 per cent. value out of a few cents worth of Clean Easy Naphtholene Wash Soap in clothes saved, time saved and trouble avoided. Try it and prove it and you'll like it. Notice how different Clean Easy looks from other soaps. Ask your grocer, follow directions on inside of wrapper.

Good Light Lightens Labor ::

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your work rooms, try it also in your living rooms.

If you find that doubling or trebling the illumination there mean glaring light, don't cut down the amount of lighting again—shade the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room—from cellar to garret—use only **EDISON MAZDA LAMPS**

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
